

Level Up Just by Walking. In 10 Thousand Steps It Will Be Level 10000!

歩くだけでレベルアップ。一万歩でレベル10000です！

Author : Nenchuu mujicha tarou @zzt231

Synopsis :

In this world it seems that someone that lived in his lifetime at least get level 100.

However, I myself when walking one step get a level up.

Skill too I learned it like crazy. Anyhow it's just an instant to get invincible.

At the opposite I feel sorry, I'll live as i want!

Table of chapters :

01 I'm sure this is a dream!

02 I had became level 106

03 Resurrecting the dead dragon and kill it again 04 Go to bed with a girl 05 Walking around the town while riding a flying bed is embarrassing

06 Fondle fondle

07 It seems that level 20 is deemed as a 1st class but I am level 141

01 I'm sure This is a dream!

Today is my birthday.

So as to say as a reward for myself, I bought king size bed.

After all I love to sleep.

There is a connection with bedding.

It's my dream to roll around in my bed.

Now then let's sleep.

goro goro (rolling roling).

Aa, However.

Tomorrow morning, I still need to go to work.

Because today is my birthday, I took 2 weeks of vacation..... when will I get vacation next time?

Iyadayo (I don't want it).

I don't want to go to the company anymore.

Working from the first train to the last train isn't something humans do.

Why do I who is still 23 years old need to work like a slave in the company.

goro goro.

Anyway there's no point in thinking like that.

The more I stay up to not sleep, the harder it will make tomorrow.

Let's sleep quickly.

Fortunately sleeping is my forte.

While turning off the breaker my consciousness dropping.

This is my speciality!. (T/N: wait... did he get shock?...)

Suya(sleep).....o

When I awoke, the place is forest.

E, no, wait a minute.

O~kay. It's confirmed.

Firstly I'm asleep atop of my newly bought bed.

Fluffy mattress and futon is alive and well.

Pillow and pajama still in one piece.

Still, there's no ceiling. There's no wall.

Instead of that the area itself became a forest.

From the angle of shadow of the leaf, now is morning?

aa, I don't need to go to company!

tte! It's not that kind of situation.

Umu, what kind of situation is it?

When I think it normally it's impossible.....

Aaa, so that's it.

It's a dream!. (T/N: yep... he's not shocked...his brain already crispy fried) While thinking like that all the explanation connected.

Because I don't want to go to company, I got this kind of dream.

I see.

Then, let's enjoy the dream for a while.

After all this is a dream. Let's enjoy this time suitably.

Fortunately I, when the clock starts ringing will wake up.

The possibility to oversleeping is..... well, I don't think there are.

Allright.

It should be going just like I want because this is a dream.

Fly Bed!

Fly while carrying me!

Tte, even if I say it is a dream it will not go that convenience huh.....so, I though.

The bed that I was lying in, emerged casually.

Awesome.

This dream is awesome.

Lucid Dream, the best!

Let's stay like this and adventure through forest!

And go flying bed.

02 I had became level 106

Gyuun!, Gyuun!

Buwan!

Amazing, this bed!

It accelerates according to my wish, and it moved freely.

Even if it's a dream, because it is scary I don't really go absurd but, it will be comfortable if it has the same speed as a train, there's no sign of life in about 100 meter.

However, it's pretty big forest huh.

I can't see the other side of the horizon.

No, when I squint my eyes, far away there is a city.... maybe?

It's too small so I don't really know.

Let's try flying to the city --- at that time I'm thinking about it.

A roar can be heard from the forest.

「Wh, what?!」

When I see the direction of the sound, somehow a dragon that look like it came out from a painting , it's head peeking between the trees

「Gyaooon ! 」

It's a terrible cry.

When he found me out he spit out fire.

It's not good I think it's better to hid, I descend the bed little by little until it grazed the ground.

Fu. With this I'll not be found out.

Still I want to look at the dragon a little more.

After all this is just a dream.

Even if I'm get stomped it's should be alright.

So is, I move the bed slowly and quietly to move closer.

And then surprisingly, a girl battled against the dragon. (T/N: heroine!! Detta!!!) The long red hair waving, and the sword trying to slash.

However for a lone human to try defeat a dragon, whichever way you look it it's unreasonable.

Sure enough, the slash was repelled by the hard scale.

thus the dragon exhaling the fire breath.

The girl avoided it by a slight, but if it continues she will be killed.

I mean, I'm being caught up and can't running away too.

But, leaving a girl alone and run is, not a job for a man.

I'm scared but..... this is a dream!

It's could even make a bed fly.

Me beating a dragon is not strange..... is what I think!

「Uoooooooo!」

I fly out using a pajama, and ran to the dragon.

Iya, even as you say that dragon is big.

It's maybe as big as a 3 storey house.

As I thought, it's good if it stop right now doesn't it?

And , from a little while ago a characters been pikopiko displayed in my vision.

【You have became level 52】

【You have became level 53】

【You have became level 54】

【You have learned Flare phalanx】

The numbers increased with each step.

I don't really know it but, now the dragon takes the first priority.

O dream world, Give me the power!

For saving the girl, it's an ultimate punch! (T/N: should i say he's bald man wearing a cape and having cyborg as a student?...)

【You have became level 100】

【You have learned Space cracking punch】

My fist hit the dragon.

At that moment, Bham kind of sound rang, the dragon's fly away, it went rolling around while beating up the tree.

Aa, as expected of a dream.

Me that lack in training has no way of hitting a strong punch like this, there's really no piece of reality here.

Even so, what is this level huh?

certainly from bed to here is 100 steps but.....

It's somehow displayed something like game status.

HP: 8000

MP: 7200

ATK: 360

Defense: 250

Agility: 210

Luck: 300

hmm, I wonder is it my strength?

even if you say it is my dream, I don't really get it.

a, leaving that aside is the girl alright?

「You, alright?」

I walk to the girl that sit down on the ground and was still holding her sword.

【You have became level 105】

As expected it leveled up with every step.

If this is a game this must be a cheat.

the cheat type that make it amusing at first but then gets really boring fast.

「U, Um.....Thank you for saving me! Who would expect to defeat a dragon with a single punch.....!」

The girl that I look at, had eyes full of respect.

or rather, hella cute!

Being surprised make me step back.

【You have became level 106】

【You have learned resurrection magic】

Even this makes me level up huh.....

03 Resurrecting the dead dragon and kill it again

「My name is Aria Astley. If it alright, could I know thou(anatasama) name?」

The blonde girl that called herself as Aria stood, looked at me with sparkling eyes.

Her age is about 14 years. Her height is one head lower than me a normal japanese.

She had a long pony tailed hair, with the impression of an active person.

However, no matter how active you are, battling against a dragon is too tomboy.(T/N: duh... it's not a tomboy class anymore)

If this is a game, then something like an adventurer might be.

「Etto..... My name is Yamada Tetsuya」

「Yamada Tetsuya-sama! From what I see you are from east but, Tetsuya is the name, and Yamada is the family name?」

「Un, That's right. Then do you get it if I called myself as Tetsuya yamada?」

「I don't care whichever it is but, it's better to have the name first, it will lessen the chance of misunderstanding!」

Aria is weirdly try to make a conversation with a hardworking face.

Kawai (cute).

「By the way why did Aria-san, fight against the dragon in this forest?」

「Yes. I actually, even if I look like this I am an adventurer! Thus I received the Dragon subjugation quest but.....」

「No matter how you look at it, it's not something you could grasp eh」

「Uu.....I already know that but.....to pay my debt I had no choice」

「Debt?」

「Yes. My parents had a general store business but, the business failed, and made a large amount of debt..... and to pay it they worked too much, and they both died 2 years ago. I must pay the debt that they left behind but, aside from a kind of job that needs a strong body, others are worthless. There I am taking a job as an adventurer but.....from the quest there are, the best I can do is paying the interest.....」

「Aimed at a oneshot revival, and tried to hunt a dragon kind of things huh」

「Yes.....It's not a good thing I say so myself but, it became an act of desperation..... I nearly did it to suicide but, as expected, when I stood in front of the dragon I became scared of death myself」

I see.

Certainly the way Aria battle is like expecting death but.

It's not a move of a person that wants to live.

It's not like Aria wantsa to die herself. It's because the debt she had are too much that made her not know what to do.

Then, we must return the debt as fast as possible.

「By the way, the dragon was defeated by me accidentally. If it possible the quest is done with this?」

「No. If the person did not get the last hit kill, it means that is not something they achieved」

「hm. So how did they check that out?」

「The person who has registered in adventurer guild, has the emblem engraved in their hand. Every information about the monster that they defeated, is archived in there. I had not heard of anyone that has success in counterfeiting it」

Aria showed me the back of her left hand.

Then a pattern with a light shine emerged.

This is a crest.

Just look like a tattoo but, it could possibly be hide or seen.

「Then, you still can't repay the debt huh.....」

「It really is.....However, if I'm alive, someday I will!」

Aria with spirit she renewed her determination.

What a respectable child she is.

Though I don't want to go to the company and want to roll around myself.

I want to help this child.

「A, that's right. Just a while ago I learned resurrection magic. I'll sing that to revive the dragon then, Aria-san just needs to get the last attack, then doesn't that mean the quest is complete?」

「Resurrection?! Using a magic for something like that is.....Tetsuya-san, who you really are! A, me, why did I get like a close friend to Tetsuya-san.....I'm sorry Yamada-san!」

Aria is pekopeko bowing her head.

「No, it's alright to call me Tetsuya」

Being called with my name by this cute girl, without doubt is a reward.

「For real?! Then I'll accept the word. Tetsuya-san can call me with Aria too without using honorific」

「Really? Then Aria. You could also call me Tetsuya.....」

「No. As expected calling an older person with the name only kinda awkward.....」

aa, un. It might be so.

Then Tetsuya-san is alright.

「Yosh. Then, I will revive the dragon with revival magic (resurrection), then I will attack it until it is half dead」

「Understood!」

I run to the dragon's corpse.

【You have became level 121】

etto, How should I use revival magic (ressurection) again?

I wonder is it okay to choose it from the game like menu screen?

When I remeber it randomly, a transparent window displayed in front of me.

There displayed about adozen skills.

I chose ressurection magic from the window, and put my hand on the dragon's corpse.

「Resurrection!」

The dragon's corpse became wrapped in light.

Then in the next moment, roared gyaoon and stood up.

Yosh. While he is being resurrected, let's try the skill.

「Fireball!」

From the palm of my hand a ball of fire flew, and hit the dragon.
Exploded.

The smell of scorched fire permeating.

However, as expected one shot won't kill it. It's because the level I learned it was low.

「Then next is Ice Arrow!」

This time an icicle flew, and penetrate the gouged dragon's body from fireball.

「Ugyaooo!」(T/N: isn't this animal violence? :v)(EDN:Someone call Peta!!)

The dragon screamed, and its body convulsed.

It looks like even if it was left alone it will die.

「Aria Now!」

「Yes!」

Aria is running, and gave the dragon a splendid thrust to its head.
And that became the finishing attack, thus the dragon died.

(EDN:...again)

「I did it! With this the quest is complete desu! Tetsuya-san, thank you very!」

While saying that she's hopping up and down and Aria's back hand shine.

So that's means the quest was completed huh.

Yokatta yokatta (thanks god).

I am happy to be helpfull to a cute girl.

04 Go to bed with a girl

「By the way Tetsuya-san. Why are you here in this place?
Furthermore.....wearing pajamas」

「aa, As expected you want to know about the pajama?」

「No, that's out of the question! Surely Tetsuya-san had circumstances that are unimaginable for me!」

「Iya (no), I was just sleeping a little while ago.」

「.....ha」

Are (huh). Did she get a little amazed?!

「In this forest, especially using pajamas do you perhaps not have a home?」

「Certainly if you think it objectively it's strange but! Iya, if you see it you'll be convinced!」

My bed is also in here.

It's natural to wear a pajama to sleep in bed.

Thus , let's call the flying bed.

Because I'm in my dream world, it should be able to remotely controlled.

「Oo, it really come in flying.」

「Wow, what is it this bed?! Fe, flying!?!」

Looking at the floating bed that flew to my front, I let Aria's eye come to differ it between black or white [truth or lie?] (T/N: アリアは目を白黒させていた。)

「Because this Flying bed is flying aimlessly I got in here. That's why, I don't know where it is.....if it is alright with Aria. Could you guide me to the city?」

「I've never heard nor seen a bed that can fly in the sky! Tetsuya-san is amazing desu! I want to ride on it too desu!」

「You guide me then I will let you ride too you know」

「Of course, leave it to me ! 」

「You saved me. Then I'll change my clothes so, look over there for a while. Or do you want to see ? 」

「Do, don't kidding me! I'll look there ! 」

Aria's face became red and looked away from me.

Each and everything she did was cute huh

While thinking that, I opened the bed's storage space.

There was a change of clothes, and manga for reading before sleep.
There was even a laptop in there.

But, strange.

There's nothing in there.

Rather than there's nothing, it has become a dark space.

「e, ee!? Where are my clothes?」

Being panicked I thrust my hand to the dark space.

Then there is a feeling of clothes on my hand.

When I pull it out, a white shirt that I know in my hand.

Fumufumu.(hmm hmm)

Apparently this storage space will let out everything that I want.

There's no need to arrange it orderly how pleasant.

Don't tell me, that this has an infinite capacity?

Dreams were amazing.

「Aria. It's alright now」

I called Aria, after I wore a shirt and jeans.

Then Aria that turned back looked at me, and said「Good looking desu !」.

「It's an unfamiliar clothes but, it's looking good ! Tetsuya-san cool desu ! 」

It's not like I am an ikemen(pretty boy), and these clothes are items that I bought cheaply but..... I had saved Aria's life then, it seems she starting to idolize me.

Well, this is a dream world.

Because when the alarm clock rings everything will be end, until then, let's enjoy Aria's courtesy.

「Then, Aria. Enter the bed. And let's go to the city」

「Ye, yes.....however It's my first time.....entering a bed with a man..... ! 」

「It's alright to not blush about something like that. We've just used it for distant movement」

「I know that but.....aa, what should I do ! 」

Aria wrapping her cheeks with her hands, and became red as if every drop of blood in her body gathered in her head.

Seeing that kind of reaction, made me a little embarrassed too.

「It's alright already, come on ! 」

「The, then pardon my intrusion..... ! 」

Aria dived in my bed, and snuggled up fast.

This is a king sized bed, that's why there's no need to be in close contact

Well, huddled with a bishoujo(pretty girl) won't make me at a disadvantage so OK!

「Then let's fly!」

「Waku waku desu!(excited)」

Ridden by Aria and me, the bed is flying.

It quickly became higher than the forest's tree, and we were steadily rising toward the blue sky.

「Hiya it's high desu ! And fast desu ! 」(T/N: Bed Fly Airline want one?)

Aria's been clinging tightly to me in futon.

And soft thing had pressed against me.

This girl.....unexpectedly has big breasts !

「.....I, it's will be dangerous if you fall so, hug me more tightly ! 」

「ye, yes ! 」

「More ! 』

Munyumunyu ! (SFX of groping her chest?)

「Tetsuya-san, is quite ecchi desune! ! 』

「I've been caught!?!」

「ehehe, I'm sorry」

Aria let out her tongue (tehepero).(T/N: you know~ the one in anime)

Cute !

「Teasing an adult. Bad girl!」

「Hiya, it's because Tetsuya-san desperately.....wah, touching that part is bad ! 』

Thus, while the bed is flying to the city I punish Aria.

Iya~, I'm just touching her you know?

I won't do anything more to a girl with the age of a middle schooler!

It's because I'm a gentleman!

05 Walking around the town while riding flying bed is a little embarrassing

「Hai, Everyone, I'm sorry. Let me pass here」

The bed that Aria and I rode advanced in the town (From what aria says, the city name is Boulevard).

If I increase the altitude I wouldn't need to care about the people but, cause I want to see these people closely, thus we are flying in low altitude.

「Te, Tetsuya-san.....this is kinda embarrassing desuyo」

It must be her first time going to the city using a flying bed.

Aria became red and tattle me.

Well, it's my first time too you know!

「It's alright, it's alright. Just think of it as something like carriage」

「It's a little different I think.....」

By the way, the town's scenery was like medieval Europe.

From what I see from this dream's genre, might be fantasy.

Well, I had guessed it from the time I see adventurer and dragon.

Thus guided by Aria, we've come in front of the adventurer guild.

Once we go inside there's hundreds of tough men.

But sometimes there are also girls like Aria.

Apparently for a girl to become an adventurer is, unusual in here.

Aria goes to the receptionist, and declared that she's had defeated the dragon.

「E ! Aria-san, has defeated the dragon!? I thought you ran away from it ! 」

Receptionist girls became startled by hearing that.

「fufu, have you changed your impression of me ! Is what i want to say but, I got help from Tetsuya-san there ! 」

While saying that Aria pointed her finger to me.

By the way, I entered the adventurer guild with my bed.

I'm saved that the door is large.

After all rolling on the bed is a bless time.

I don't want to get off from the bed as much as possible.

「Tetsuya-san..... ? Who is it ? Coming inside of a building with a flying bed itself, will make you know that he isn't a normal person but.....」

U-mu.(hmm)

As expected, I look like a freak.

「I'm just a passing person. Please don't trouble yourself (okini nasarazu)」

「I'm curious. After all the one who gave it the final blow is Aria but, the one who battled it was you wasn't it? If you still don't register with the adventurer guild, please register. After you registered when you defeat a dragon, you'll get a 『Dragon slayer』title you know? Even as a first rank adventurer, you'll be reckoned everywhere.」

Registration seems to be free.

It doesn't like it will waste me money, so I decide to register myself.

Putting my left hand to a crystal ball for 3 second then registration is done. (TLN: instant registration?... not noodles? Even noodles takes 3 minute dang it!)

A guild mark like Aria appeared.

it's a little fashionable.

And, for registering I walk for a while then I had leveled up again.

【You have become level 135】

How much is other people's level huh?

Even before that, had anyone known the thing called Level aside from me?

Let's ask Aria later.

「fufu. With this I can pay my debt ! Tetsuya-san, thank you very much.

I don't know how much I thank you enough.....」

「Thanks huh..... you don't need to thank me particularly. It's not that big of a problem you know」

Really. Just by walking itself I've level up, above all I'm not doing any hard work.

I'm just attacking and using skill randomly.

If it's hard work, then Aria had done more than me.

「No. For not thanking you after all this, it'll dishonor Aria Astley name ! Please think anything that you want me to do ! 」

U-n. Even if you said that after I opened my eyes it will be goodbye.

「What huh.....o, oppaimomihodai(fondling boobs as much as you want) is alright too you know!?!」

That's good !

Think it carefully !

For now we ride the bed and go to pay off the debt.

After knocking the door someone that looks like yakuza comes out.

Sca, Scary.

「Oi Aria! Did you come here to pay this month interest huh!」

「fufun, let alone the interest I'll pay it all. Because I have 100 gold coin here you know!」

Aria proudly letting out the leather bag that packed full with gold from adventurer guild before.

Then, yakuza like person snatched the leather bag away.

「Wa ! What did you do, give it back ! 」

「an ? What did you say. You come here to return the money right」

「My debt including the interest is 50 gold ! Half of it was mine ! 」

「It's a fee for us waiting this long. You should be grateful it's just 100 gold after this. Hora, go back, go back」

This is terrible.

Wherever I see it's mortifying.

Thus I hit the yakuza like person with the bed.

「Torya ! 」

「Gebushi ! What did you want to do ! 」

「Would you give back Aria's 50 gold ? 」

「Don't kid with me kora ! 」

My sincerity wasn't transmitted.

There's no other choice, let's use the skill.

「Flare Arrow」

A flame arrow positioned in front of the yakuza like person's throat.

If it advanced even 1 more cm, it will pierce his throat. Whoa it's hot!

「wha, what is this ! Magic huh.....yo, you who the hell are you ! 」

「Just a passing novice adventurer. Because I am a novice , if it continues it will burn you so, give back the gold fast」

「Shit.....Aria, you little, for you to hire this kind of bodyguard ! Even searching for magician ! 」

While saying something, he gave out 50 gold coin.

yokatta yokatta (it's good).

「Alright, Aria. I'll accompany you home so go ride the bed」

「yes. By the way Tetsuya-san, do you have a place to stay ? If you don't have a place right now.....please sleep over in my house ! 」

That's sort of thing. I think it's bad for a girl to easily let a boy enter her house.

But, this is my dream so. Ma iika (oh well) !

Fly Flying bed.

Let's go to the girls room!

06 Fondle fondle

Aria's room is in the 5th floor of a 5 storey apartment.

Wherever you see it putting a bed in the entrance is a no no, so I will trespass it from veranda.

Although it maybe uncommon for a bed a person in each room, this bed and me are already one body one soul.

Don't even think to get us separated.

「There's nothing in this room but, please, relax in here.」

Just as Aria says, in the room there are only an old looking bed, a closet, and a pair of a small desk and chair.

It is a girl's room after all, it should be more showy here.....she must have had her hands full of her debt, and had no time to play huh.

「Are(huh)!? Although there's nothing in this room, from where did this luxurious bed come from ! 」

「Sorry.....am I a hindrance ? 」

「no no(iya iya) ! What I said before was just a stupid line(boke) so, thrust(tsukkome) something at it ! A, iya my stupid line really was hard to comprehend wasn't it ! I'm sorry ! 」

「No, me as well.....」

What a vigorous child.

「By the way Tetsuya-san for how long do you want to stay atop the bed ? 」

「E.....Because walking is troublesome, so I want to stay in this bed for as long as possible.....」

「.....It must be a deep enough reason that I don't understand it」

「No. really, I just want to lazy around」

「E.....u—n.....wait for a minute. Now, I'm trying to understand the word ! 」

Aria began to fold her arm in distress.

「It's not like you must understand it you know」

「ie ie(no no). Because Tetsuya-san is the benefactor of my life. That's why I must understand it ! 」

「I'm not that happy so, please stop that」

「So that's it(sodesuka) ! I am tired myself so I'll stop ! Truthfully, I want to know too why didn't you move from you bed ! 」

Aria was saying something that piercing my heart.

This, is a real shock isn't it.

a person that from before just say awwright(yoisho) suddenly slammed mon.

Uwannn, rolling rolling (goro goro).

「go, gomennasai(sorry) Tetsuya-san ! Don't cry please ! Aa, there there (Yoshi Yoshi). It's alright to stay atop the bed as much as you like—」

When I'm in my half cying state, Aria hugged me tightly.

My face was filled with boobs !

Furthermore I got patted on the head !

ogya—ogya—. (TLN: baby's cry?... -_-this MC... I like him!)

kuu, I'm in high !

「Thank you Aria.....I will rolling atop the bed until I get better ! 」

「.....a, yes. Do your best」

It just my imagination that she change her expression isn't it ?

「But Tetsuya-san. Talking about it really, if you always atop your bed, you'll get lack of fitness you know . I , could not overlook strong person like Tetsuya-san to became lack of fitness ! 」

Even if you say that na.

After all when morning come, even if I reject it I will wake up.

Aria was saying that, while standing at the edge of the room.

「It's alright desu ! While we flying on the way before being fondle by Tatsuya-san is comfotable so.....rather I hope it desu ! 」

「Yes ! Please punish this lewd Aria ! 」

I left out from bed, and jumping to Aria.

【You have became level 137】

【You have learned Status Appraisal】

Fondle fondle fondle fondle fondle fondle fondle.

[illegible]

Fondle fondle dlefon dlefon ! (T/n: it's not wrong he's fucking crazy here)

「A, wait Tetsuya-san.....That's a little.....hyan ! That kind of precise rubbing will make me.....wa-a.....lose my strength.....」

When I finished my rubbing, Aria's face fal in ecstasy and, bam she's fall.

「a, Are you alright Aria ! Sorry It was too much ! 」

「fuee.....it's alright desu.....cause it's feels good」

What a girl for saying such a pleasant word.
but she's losing her strength and start to drop.
Since there's no choice , I'll carry her to my bed.

【You have became level 141】

「By the way Aria. How old are you ? 」

「e ? I'm 14 years old but.....is there's something wrong ? 」

I, am I fondling a 14 years old kid and, fill my face in her.
It's feel like I'm in the best Arena.
I'm glad this is a dream !

「It's alright desu. Saving me from a dragon Tetsuya-san is the best desu. That chivalrous spirit and strength could cancel out all the negatives. I No matter how lazy Tetsuya-san, and no matter how lolicon he is I will accept him ! Tetsuya-san already gyutto held my heart ! 」

「That much ? I, am already grabbing Aria's heart that much ? 」

「That's right. There's no girl that's okay to let a person they don't love to do something like that. So please be carefull Tetsuya-san. You should not fall in love with another girl beside me ! Aa, but leaving a girl in pinch alone is absolutely no good too. Save her with a not too cool looking alright.」

What an unreasonable girl.

Well, let's follow the order.

more importantly, lying Aria atop the bed.

I too will lie beside her.

gororin.

「umm Tetsuya-san. I am pretty exhausted because the rubbing before, so today.....」

「It's alright. I won't do anything today. I'm just lying in here」

「I'm saved that Tetsuya-san is a gentleman ! Aa, however, if you can't hold it in please say it okay. I'll do my best ! 」

that's a good girl.

07 It seems that level 20 is deemed as a 1st class but I am level 141

By the way just a while ago I got『Status Appraisal』.

After reading the description in the window, it seems like a skill that read a target's status.

Let's use it immediately.

Pochittona (click).

Name : Aria Astley

Level: 18

HP: 103

MP: 77

ATK: 22

DEF: 25

AGI: 31

LUCK: 28

fumufumu.

Is it high or is it low, I don't really know.

「Na, Aria. Is level 18 high?」

「E—tto, generally it's quite high but, if you are an adventurer you will be deemed as finally graduated from being a half and become a full adventurer」

「He~. Even though Aria's still 14 years old, she has graduated from being half huh. How great」

I'll prize her with a pat in the head.

「Eee. Thank you very much.....tte, how did you know that I am level 18?!」

Aria give the best startled face today.

「Etto. I am using a skill named Status Appraisal but.....is this skill that rare ? 」

「It's Rare desu ! It's Super Rare desu ! I have heard about the skill's name but, seeing the person who use this skill is my first ! 」

So that's how it is.....though I remember it after walking randomly.

「However Tetsuya-san. It's amazing that you've acquire a Status Appraisal but, don't look at it arbitrarily, it's embarrassing! Pervert!」

「A, Sorry.....」

Even though it's alright to fondle her breasts, seeing her status angered her.

Strange.

「well, step aside the pervert comment as a joke. Seeing the status could be meant as seeing what you are hiding behind your sleeves. As an adventurer it's troubling. That's why, it's bad to look for a person's status just for fun. It's trespassing into someone's privacy desu」

I see. So it's like that.

「I'll be carefull」

「Yes. It's all right if you understand it. Anyway, my level's not increasing since the last time I measured it in the Guild. It's a little shock desu.....」

「N? Is it possible that Aria can't see her status freely? 」

「Normally it can't be seen. If you don't get measured by the guild you wouldn't even know」

What an inconvenient.

「If it like that then, I wouldn't know how strong I am doesn't it? Somehow it's weird」

「Ie (No). It's because Level and Status, were just a criterion. The physical condition of that day and mental condition of that day is a measurement too. Obviously when you grow everyday, you can feel it even without value of measurement」

「Hee (impressed). Then even if you had level 100 , it doesn't mean that you are strong isn't it ? 」

「Wha, What the hell did you say ! No matter what is changing, if there are a difference of 10 level then it will be impossible to turn the table. As long as there is no poison ! lidesuka (please remember it/ ???). 1st class adventurer had their level between 20 ~ 30. While the one who exceed level 50 is super 1st class. They'll get scouted by the National Knights ! And the one who have reach level 100, sacrifice his lifetime to increase it, whether he can even reach it or not is unknown you know ! 」

Arisa explained it to me while snorting.

Even so, I see, level 100 is that amazing.

I, am level 141 though.....Is it alright.

「So then. What level is Tatsuya-san in ? 」

Aria looking at me curiously, while asking with cross-examine like tone.

「Se, Secret.....」

「Damedesu (It's not good desu) ! While you looked at a maiden's level you yourself aren't telling me your level is somewhat cheating ! 」

U—mu.(uh—huh).

Surely it's not fair if I myself am hiding my level huh.

She might be surprised but, let's tell her.

「141.....」

「ha？」

「141」

「E？」

「Dakara it's Level 141！」

「I, I'm sorry, it's because I'm hearing a somewhat unrealistic number, my consciousness was flying. What my ears heard was 141 though.....」

「Nope, that's not wrong you know. My level is141」

When I'm affirm that, she at last woke up after 3 second, and screamed「Dohyaa！」.

「hu,hu,hu,hundre,hundredfortyone！ Tetsuyta-san, what happened, while you look young is it possible that you really were more than 100 years old, and always do training!？」

「Iya(no).....I'm normally 23 years old though.....」

「Dohyaaaaa！」(T/L : see... Ignorance is a bliss)

It seems that Aria is busy being surprised.

However, listening to the explanation, it seems that level 141 was the source of it.

It can't be helped that she's shocked.

Rather, I'm just walking 141 step huh.....

As expected I'm being too Lazy huh.

But, this is still in my dream.

No problem. No problem.

It might be huh.....

08 I, put an effort to use a triumphant look daily

「I've opened my eyes but, I still in a dream, you say..... ? 」

Weird. Even if you say it is a dream that has a poor experience time, sleep and waking up but still in dream is.

This, possibly, is not a dream..... ?

I, am really in another world..... ?

Well, it's alright. (Ma, ikka.)

Even if I wake up from my dream I need to go to office.

Rather I'm really glad if I really did go to another world.

I won't go back to Japan for the 2nd time you know. (T/N : this guy... i like him even more now)

「A, Tetsuya-san, Good morning ! 」

Aria was, doing a push up on the floor.

Moreover it's a real push up that her jaw is touching the floor.

「Good morning Aria. What are you doing? Iyaa I know that you are doing a push up」

「Morning Training desu. It's because it will be bad if an adventurer was not strong. It's a matter of course」

「He, eraidena (how great)」

Things like me will level up just by walking.

Somehow I'm feeling a little sorry.

「But, Aria has finished returned her debt wasn't it? Are you still continuing to become an adventurer?」

「Of course. Even if I had return my debt, my life still has not ended. Because of that from now on I will continue on living. I need to work to earn money isn't that right ? 」

「But, it's not necessarily needed to become an adventurer that has a dangerous job. There are still other work you know ? 」

「It's too late to bring it up now. Since I myself want to get stronger.」

「He. Why?」

「If I had power, I will be able to confront an irrationality. Not only defend myself, I could defend others too. After I meet with Tetsuya-san I thought about it more. So because of that, please be my master(shishou) ! 」

What「So because of that」is unknown but, Aria is bowing her head quickly.

「No, Wait. Even if you suddenly ask me to become your master, I don't

know what I need to teach you, you know 』

「I want to know what did Tetsuya-san do to have that power. It's level 141 you know 141. What kind of studying did you do to reach that ? Even if it just a little please tell me ! 』

「Etto.....you might be angry when you hear it but.....I just walk step by step and got that level you know ! 』

「Do you think I will be deceived by that ! If just by walking you get a Level up then there's no need to struggle ! 』

Yes. That's correct.

I myself think it is cowardly but.

But it's true so there's nothing it couldn't be helped.

But, I guess she wouldn't believe me.

「U—n.....That's it ! There's no shortcut to become strong ! You should train diligently day by day ! Being cheap like asking me how to get stronger is wrong ! 』

「Ha ! Certainly it is huh.....I in the wrong ! As expected of Tetsuya-san. Thank you for the help me recognize the important thing ! 』

I'm glad that she understood it.

Though, I really use a super shortcut.

I've got a feeling that there is some degree of shortcut though.

For everyone except for me Ganbare(do your best) !

「But.....Tetsuya-san. While saying something bossy like that while still rolling on the bed huh.....」

「Th, This is..... a Spiritual Practice you know ! 」

「Ieie (no no). After yesterday's lack of appeal, saying something like that is too late you know. Still, having as much power as Tetsuya-san, more training will be unnecessary right. I understand it was the recoil after working so hard until now. Please be lazy as much as you want ! 」

wa—i. This child is pampering me. Daisuki! (I love it!)

「Now then. I'll go to the adventurer guild. What will Tetsuya-san do ? 」

「A, wait a minute. I'll get dressed now」

At any rate I can move while using the bed.

It's a wonderful thing that I can go here and there without even leaving my bed.

I don't know what kind of quest I'll do today but, I don't know this world left and right.

Whichever I do it'll be a new thing with a fresh feeling for me.

If I in a pinch it's all right to just take it step by step walking while having a power up !

wa—i, handy.

I want to get Aria to receive this handiness, but is there a way to do it.

09 Fox Eared Village

Well.

I've receive a little weird Quest from the Adventurer Guild.

The content is Goblin Subjugation. The number is 30.

Until now everything is normal whether, it's in my game sense, or in Aria's common sense.

However, the reward seems too cheap.

1 gold Coin.

If you compare it to Dragon subjugation that has the reward of 100 gold, certainly it's cheap.

Then, as I see, if you convert 1 gold coin to Japanese Yen, it has the value between 10.000 to 20.000 Yen.

It means if you defeat 30 Goblin you'll receive 10.000 Yen. (88.5\$)

Moreover the place seems to pretty far from this Beirubia city.

It will take 3 days by walking.

In other word, it is work that doesn't pay well.

But, after looking at the paper in the guild's bulletin board, I and Aria decided to receive it.

The client is a『獣人 (Beast man / human (人) Beast (獣)) 』.

Aria says that Beast men were basically poor.

After all Human, unconsciously avoided everything that has a

different characteristic from them.

Therefore Beast men were prone to be neglected by human society.

That's why their entire race is poor. Moreover their race had little numbers, so it's hard to rise in the world.

「Let's take it ! Fortunately I am not in dire need of money. Let's take the quest and save the beast men ! 」

「Yosh. I'll help too」

「Moreover beast man-san tails and ears feels nice, so let's mofumofu (touch/fluffy T/N: pretty ambiguous word) it ! 」

Are. Is that the real purpose?

Iya, but I too am looking forward to mofumofu it.

So, let's aboard to the Flying bed.

Bahyu—n.

we arrived at the Beast man village instantly.

「aa, Are you guys(anatatachi) the adventurers? I (washi) am this Village Chief Desu」

The one who greeted us was, a 60 years old male. (TLN: HAH! Too bad it's not a bishoujo~ *smirk*)

However, atop his arse grew a fox tail; while in his head were fox ears.

Even though he's a gramps he cute ! (TLN: ...)

「Actually half a month ago goblins made their village near the vicinitySince then, we've been troubled because they attack our field. Could you please somehow exterminate them.....tte, why are you staring at my ears!?!」

We're invited to enter the Village Chief's house and got the explanation of the situation but, it can't be helped that we were interested in his ears.

「Nope. Please don't mind it. It's not like we've want to mofumofu it」

「Yes. I'm not thinking of that at all ! 」

「ha.....Instead of mofumofu-ing my old ears, how about mofumofu-ing young'un's ears ? 」

「「Do you let us mofumofu it!?!」」

My and Aria's voice sang in harmony.

Village Chief said「After all you wanted to mofumofu it huh」in a little voice.

Still, It would be of course.

We want to mofu it that much.

Aria's and my reaction is natural.

Rather the one who avoided beast men were the weird one is what I think.

「After you've completed the Goblin Subjugation, I'll let you touch wonderful ears and tail as much as you want. In the substitute of the low prize, that was the service ! 」

It looks like a shady shop.

But, I'll look forward to the wonderful ears and tail.

「To make you motivated, I'll let you see the owner of the wonderful ears and tail. O—i, Mimily. Come here!」

Mimily!?(mimiryi ミミリイ)[TLN : Mimi = ears in Japanese]

It's a name that looks like it was born for me to mofumofu it !

Thus the one who came from the house was, silver bob hair style girl.

Her height is approximately 143 cm.

Aria is small but, she's even smaller.

Of course, she had the fox ears. And there are the tails too !

「i, It's alright to mofumofu this right!?!」

「Just as I told you before but, it's after the Goblin's subjugation」

「Wha, What should we do Tetsuya-san ! I, I maybe can't hold it ! 」

「Me too ! Village Chief, please hide this child. If you don't do that, we might go nuts ! 」

Aria and I were drooling while looking at the girls. (TLN: Perverted old man?)

If we doesn't mobilize our mental strength, we might attack her already.

「I couldn't do that. After all, Mimily too, will be helping you guys exterminate the goblins」

Village Chief says a surprising line.

This small child will fight together with us!?

Well, I've become level 200 too so I think I could defeat them with 1 hit but.....reversely because of that she might getting involved with the effect ! (TLN: maybe level up when he go to the Village Chief's house, parking his bed *lol*)

I'm already full with taking care of Aria.

Moreover isn't Mimily a kid.

Instead of Goblin subjugation, I feel like a teacher on a picnic with his student.....

No, however, this kind of kid is unexpectedly strong isn't it.

Let's have a little sneak with her status.

Name: Mimily

Level: 19

HP: 93

MP: 80

ATK: 36

DEF: 24

AGI: 45

Luck: 13

Oo, It isn't unbelievably strong but, it's the right amount of status in the Adventurer guild.

「Village Chief. Why must this cute little child fight ! It's enough with just me and Tetsuya-san ! 」

「However, we're just paying you with 1 gold, letting you guys fight without any help from anyone in the village is a little.....」

「But, Why must it be this little child ! 」

Aria is quarrelling with the Village Chief.

I beckon to Aria, took her to the edge of the room, and whispered in a low voice.

「Aria. Listen to me calmly.....」

「What is it Tetsuya-san. For you to be so formal」

「I took a peek at that girl status but..... she's level 19. Stronger than you Aria」

「Do, Dohya ! 」

Aria were surprised and exaggeratedly jump.

This girl, every time she's surprised always say「Dohya」.

Cute(kawaii).

10 It's time to hunt for Goblin

They say that Goblins were trolling the field in the middle of night.

That's why Aria and I, not to forget Mimily, were standing by under the light of the moon, in the field.

「Ne, Nevertheless, this little kid has a higher level than me..... I'm losing my confidence ! 」

Aria says while raising her lips in frustration.

About that, Mimily was silent.

Just jiiii and stare at us.

「ta, taciturn huh, Mimily-san」

Taciturn is taciturn.

We still have not heard Mimily's voice.

I've began to think that, I want to hear something from her.

「Good evening」

Suddenly Mimily opened her mouth.

Even so, after several hours seeing face to face, her first word is「Good evening」huh.

「go, good evening.....U umm, why were you stay silent until now ? 」

「I was nervous」

giving feedback to Aria's question, Mimily was answering with something simple.

Naruhodo (so that's it), Nervous huh.

If that so then there's no help.....

「tte, how shy were you ! 」

「Even if you say so.....the 1st human is scary. At last I've got to understand that you were not a bad human」

While says so mimily's tail and ears were pikopiko moving.

Da, dangerously cute !

「hauu ! I seem to want to touch her desu ! 」

Aria is trembling while her eyes were swimming.

However——

「Not good. Mofumofu-ing will be after Goblin subjugation so as the promise were」

「fue—n」

Aria were began to cry.

I too want to cry. Rather I'll cry.

「do, don't cry. Its okay if it just a little.....」

Mimily were seeing us who shed tears began flustered, and pointed her head.

What a nice child.

Sacrificing her ears for us.

Ya—y.

「mofumofu」

「sawasawa(touch touch)」

Aria and I Keep our world and being a spree patting Mimily's ear.

Ooo, What a wonderful texture.

「Ti, ticklish.....」

Mimily's cheek reddened, and start fidgeting.

Ka, Kawayuii (Cute).

Tteka (I mean), aren't we the worst ?

「Aria. Let's keep it at this. Seeing it objectively, it's better than dying」

「Ha~tsu ! I just noticed it now ! 」

When Aria came back from her own world, she pulled away her hand from Mimily's head hurriedly.

I too am in a dangerous place.

I wonder if there was a magic in Mimily's ear ?

No, I don't think so.

She might be simply just cute.

「Sorry, Mimily. We've touched a little too much」

「n. Because I am the one who offered it so, there's no problem. But, next time please refrain a little.」

while saying that, she put her hand on her ears and start taking defence position.

Uoooooooooooo Cute !

「By the way Mimily-san. Why did you join us to subjugate the Goblins? Even though you're this small.....」

Aria is asking that question.

Thus Mimily said a shocking fact.

「Even if I were look small. I am 15 years old」

E, eeeeeeeeeee ?

Even though she's 143 cm!?

Fifteen ?

「dohyaaa ! Older than me desuka !?」

「It's all right to call me Oneechan(big sis) you know ? 」

Mimily were saying those lines.

「O, Oneechan.....I, I'm sorry. Its impossible」

「I knew that. My chest is somewhat small」

Mimily is saying that while looking a bit sullen, and patting her own chest.

Umu. (Mhm)

Certainly that part is small.

「Umm sorry but.....It's not about chest, nor height.....Everything is very small you know ! 」

Aria is somewhat saying a cruel word !

Mimily's not changing her facial expression but, her ears and tail dropped.

She received a huge shock.

「Oi Aria. Apologize properly ! 」

「a, I'm sorry Mimily-san ! Accidentally I said the truth.....」

「The truth」

「A, no, umm.....」

「It's all right. I know. Even though I'm 15 years old but I'm little. It's my bad to turn away from that truth」

Cute and little are good words——is what I think, but let's not say it again because the person itself doesn't like it.

This topic is better to not touch carelessly.

Because it will be like Aria who stepped on the landmines.

「By, by the way Mimily. Why did you choose to subjugate the goblins? You're not an adventurer, are you ? 」

「I'm not. But, somehow my level increased easily since the past. It might be because my father and mother were once adventurers in the past. For now, the strongest one in the village is me」

Naruhodo. So that's why she was chosen to fight alongside with us.

「But, isn't your father and mother strong ? What happen to those 2 ? 」

「Last year, they went on a quest and never came back. Maybe, they

went to conquer some dungeon somewhere. Those 2 had such character」

「Is that so.....Do you feel lonely？」

「Just a bit」

Mimily muttered so.

However, that must not be a little.

For this little kid who can't see her parent.....a, no, even if she's little she is 15 years old !

Even so she must feel lonely.

「A, Tetsuya-san, Mimily-san ! The goblins has come ! 」

Cry Aria.

When I see it, a pack of goblin equipped with a club, are walking here.

There's no choice.

First let's beat them up.

The talk of Mimily can come after that.

11 Fox Eared Girl's getto daze

「Rise the curtain(開幕). Flare Phalanx ! 」

When I activated the skill, more than 30 flames of spears appeared before my eyes.

Thus fire.

It pierced the flocking goblins, and they evaporated in an instant.

「Done, huh」

「As expected of Tetsuya-san(Sasuga tetsuya-san). Sasu tetsu ! (さすテツ)」

Aria is jumping in delight.

However Mimily is a little dissatisfied. (TLN: ... not even 1 paragraph of battling)

「My turn isn't coming. I'm sad」

「fufun. You're too naive Mimily-san. If you want to get a highlight, you need to tell it to Tetsuya-san first so he won't finish it in a hit. I had a little hardship in defeating a dragon too」

Aria is somewhat, make a proud face while telling my achievement.

「However Mimily. When you think of wanting a turn, did you have

confidence in your skill ? 」

while I ask that, Mimily nods?

「Decent. The goblins were making their nest near the village but, not attacking the village is mostly because of me」

That's amazing.

As expected, of the one who is stronger than Aria.

「What kind of attacking style does Mimily-san use ? By the way mine is swordsmanship ! 」

「Because I am a Beast men I'm using pure strength in other words, my fist. And I can use a little of magic」

「You could use magic ! Amazing ! I want to see it desu ! 」

「.....Lightning Arrow」

Mimily, that was pestered by Aria, let out an arrow of light, and shot it to the opposite side of the village.

It draws a nice line in the darkness of the night, and gives off an intense flash of light when it collides with the ground.

「Lightning Arrow has a high penetration power, and it lets out a bright light, that could surprise a monster. And surprise myself occasionally」

「Co, Cool ! 」

「I feel Embarrassed (照れる) 」

Mimily, who was being praised by Aria, is letting out smile while looking embarrassed.

These two, somehow, became good friends huh.

「Even so, combining fist with magic is somewhat like Tetsuya-san right ! 」

「When you say like that it seems so huh」

Because I was not holding any weapon at the time, instead I punched the dragon with pure strength.

Then I learned a lot of magic. Too many that I'm not using it occasionally.

「In other words, Tetsuya-san's chara (character) and my character are overlapping? ? 」

I don't know what Mimily think as she tilts her head.

「.....I don't think they're overlapped」

「I'm relieved. Getting an overlapped character isn't good」

Is it something that is needed to be taken care of that much ?

Somehow I don't know what this kid is thinking.

At first she's too taciturn and it's an of course that we can't have a normal conversation, thus when she spoke more like this.....she's become more and more unknown. (Wakaranakunatta)

She a mysterious-chan.

「By the way Mimily-san. We've defeated the goblin so..... just like the promise let us mofumofu you please ! 」

「Ooo, that's right ! Because of that I'm looking forward to defeat the goblins instantly. Come Mimily-san. Bring out your ears and tail ! 」

「Wait a minute.....You two's eyes became bloodshot.....Calm down all right. Let's mofumofu it tomorrow okay ? 」

Mimily keep a calm face but, her body sususu (sfx) backing away.

It seems to be because of the fear of our bloodlust.

However, there's nothing to be afraid of you know.

Because I'll mofumofu you gently!

「I won't let you escape ! Please throw away that idea ! 」

「No」

Mimily went and broke the promise and, bakyuun (sfx) ran away.

「Wha, what an amazing speed. As expected of beast men ! However I won't lose you know. It's because I've been training ! 」

Aria is chasing her immediately.

However, Aria's Agility was 31. While Mimily's was 45.

whatever she does she won't be able to catch up with her.

Now I must move to hold her off.

Thinking that, I move my feet totan (sfx)

【You've become level 220】

【You've learnt Gravitation magic (gravity) 】

Ooo, Somehow I got something amazing.

Let's try it immediately to Mimily's leg.

「Gravitation Magic (Gravity) ! 」

If I shot it seriously the ground would probably collapse, so I repeatedly heldback, and limited the range to only Mimily's leg.

Probably, it will only 5 times the normal gravity ?

「Ka, My body feels heavy..... ! 」

Suddenly, receiving gravity by 5 times, Mimily fell with her head.

Because I feel pity, I release the Gravitation Magic (Gravity) from her.

At that moment, Aria caught up with Mimily and apprehends her.

「fufufu.....now you can't run again Mimily-san. Let us mofumofu you ! 」

「Wait.....I need to prepare my heart (kokoro).....」

「Won't wait—t ! 」

「Hiiya ! 」

Mimily that has been mofomofued by Aria, screamed.

Of course, I was also mixed in there.

Thus for 2 hours, we touched, patted, and stroked Mimily's ears, tail, and face.

At the time, we were satisfied, Mimily's breath became irregular, and in the verge of fainting.

U—n, might be too much huh..... ?

△

After Exterminating goblins and mofu-ing Mimily, morning came.

「We've received Village chief's compensation, let's go back」

「Yes. Let's get back ! 」

I and Aria boarded the flying bed.

Now then.

Let's flirt on the way back to beirubia. (TLN: damn... I feel jealous right now... EDT: same...)

「You two, wait」

When I was going to touch Aria's thigh, Mimily approaches us.

「What happened Mimily?」

「Bring me too」

Mimily boarded the flying bed, and sat there in seiza.

「Iyaa, Even if you say to bring you. We will go back though? 」

「I know. It's all right I've received approval from grandpa」

「Grandpa? 」

「Village Chief (Elder? Chouro) 」

What. So Mimily is Village chief's grandkid huh.

「It's okay to bring you but.....what will you do? 」

「I will became Tetsuya-san's wife」(TLN: Shittttttttt damnnn feel my wrath!!!)

Yes (hai) ?

Wife ?

「Wa, Wait a minute Mimily-san ! What kind of thing did you just say ! ? You've just met him yesterday.....how could you say something like wife ! 」

「The talk about Wife is a joke」

「So it's a joke huh.....I'm relieved ! 」

I too am relieved.

「Tetsuya and Aria are Adventurers. That's why if I follow you guys, maybe someday I will met with father and mother」

「Naruhodo (so that's it), that kind of thing huh. Well, you've received Village chief's approval so it's all right but.....That room is Arias so.」

I'm looking at the owner of the room, Aria.

「It's all right. It's a big Welcome if it Mimily-san ! Now don't be shy here ! 」

「Thank goodness huh Mimily. Now come to the middle of the bed」

「Thank you」

I let Mimily sleep in the middle, and sandwiched her between me and Aria.

「By the way, Why do you have a bed outside ? 」

What a late question huh.

「The truth is, this bed can Fly」

As I say that, the bed emerges casually.

「A, Amazing..... ! 」

The normally expressionless Mimily, gets surprised.

Cute.

「By the way Mimily-san. Normally sleep beside me in a bed, you're already prepared aren't you?? 」

「I will mofumofu you until we get to the town you know ! 」

「A」

Mimily seems not notice it.

「I'll go running」

The panicking girl was trying to jump off from the flying bed.

But I and Aria pulled her back to the place she was before.

「No—w then. I'll mofumofu her ears ! 」

「Then I'm her tail ! 」

「He, Help me.....」

The time it took until the town was 30 minutes.

And Mimily's fainted twice.

12 Let's go Dig some Hot Spring

It's been 3 days since I've come to this world.

「I, Want to get in a ofuro (bath google it if you don't know)」

Because I am a Japanese, I always enter it every day.

However there's none in Aria's room. Not even a shower.

As expected of a medieval-like world.

Somehow, even without entering it, Aria and Mimily hve some good scents coming from them, the normal, human me, has become smelly.

「Then, Do you want to go to Public Bath (terumae)」

Aria while still lying in the bed, says that.

By the way it's been lunch time but, were still lazing around atop of the bed without leaving the room.

Apparently my lazy nature has infected those girls.

Even Mimily is still sleeping.

「Does the Public bath (terumae) have a different gender place? 」

「That is an of course」

Aria answered with a face that is saying that is an of course.

「There's no mixed bath」

「Te, Tetsuya-san is ecchi ! In front of me and Mimily-san, to say that you want to see another women's skin, its terrible desu ! 」

Aria is hitting me with a pokapoka (sfx) sound.

Cutee !

Thus, even with this much of noise Mimily that's not waking up is cute too.

「Suya~a」(breathing noise?)

Let's mofumofu the one that likes to sleep.

「mofumofu」

「a, it's a foul that only Tetsuya-san doing it. I'll do it too. Mofumofu—」

and, with some mofumofu, I'm able to solve the misunderstanding.

「When I say mixed bathing is not like I want to see another woman's skin or something like that. It's because I want to enter it with Aria and Mimily」

「E, so that's it huh.....for, for me too conclud it myself.....I'm sorry ! 」

「No, It's all right. It's because I am thinking something ecchi. I want to see Aria and Mimili's bareback」

「Tet, Tetsuya-san ttara.....mouu ! It's not good to say something like that to another woman okay ! Normally you'll get arrested ! 」

Indeed, normally I'll get arrested.

「That's why, I and Mimily-san will accept that perverted side of Tetsuya-san ! For the sake of the world peace ! 」

My Perverted side is a crisis to the world!?

I don't think like that though.

A, but the power side is enough to destroy the world.

I might be some dangerous person huh.

「Hey, Mimily-san. Wake up please. For the sake of peace」

「U—n.....What's wrong ? 」

Mimily that has been woke up by Aria with some shoulder shake, is looking at us with sleepy eyes.

「Tetsuya-san want to see me and Mimily-san's bareback. Let's get nude」

「Don't want」

Immediately refused !

「Wh, Why? Tetsuya-san has said it you know!?!」

「Normally embarrassed」

「That kind of ! Even after being mofumofued that much, it's too late to get embarrassed, just getting naked is all right you know ! 」

「That and this are a different thing is what I think.」

Mimily calmly refuted it.

Whatever it is, I think Mimily's opinion sounds more right than Arias.

「Does Mimily-san hate Tetsuya-san!?!」

「I don't hate him. Rather, after seeing his fighting style I think he is cool. But, even so I'm not thinking of letting him see my naked body」

「Why desuka ! I want to show him, and I want to let him touch it you know ! 」

Oo, Aria. Hang in there. Convince Mimily with that pace.

「.....Aria'sead is weird」

「E ? 」 (TLN: aaa.... she says it...)

「No matter how much you like him, usually you will not saying that you wanted to let the other person to see your naked figure with a loud voice. Because you are a girl, I think it's better to have more modesty」

「Tetsuya-san Help me please ! Her rebuttal is right and it's likely my loss ! With this I look like a pervert desu ! 」

You might be a pervert.

No, I think you are a pervert.

「It's all right, Aria. Even if you are a pervert I won't hate you, you know」

「Thank you very much ! I'm relieved ! 」

「Don't be relieved Aria. As a woman there's many things wrong. In addition Tetsuya too, don't straightly say that you want to see a girl naked figure. You've got no delicacy. I, even though I've think that Tetsuya is cool, will come to hate you, you know 」

Mimily's each and every word were stabbing into me.

I thought that she is a mysterious-Chan but, it seems that she was the person that has the most common sense around us !

Surprised !

「Uuu.....I understand. I'll give up on getting in bath together with you guys.....let's go to public bath (terumae) normally.....」

「Tetsuya-san, I'm also disappointed.....」

I and Aria crying boo-hoo-boo-hoo.

By the way, Mimily is tilting her head, and looking at us curiously.

「I didn't say that I would hate to enter a bath together you know ? 」

「E!？」

「If you put on a bath towel, we will not become naked so it's all right」

I see. With that Mimily also gives an OK isn't it !

However it's trouble whether there's a mixed bath or not.

Is there a skill for searching for a bath huh?

And there might be a skill that I could learn which satisfies my desire
..... Let's walk around the room a little.

I might be able to learn it with luck.

Tekuteku. (Walking sfx)

【You've become level 261】

【you've learned hot spring pulse detection magic】

Oo !

With this I could dig a hot spring couldn't it!?

Of course, it's a charter with a hot spring that I dug myself.

I won't hear a complaint even if I make a mixed bathing there too.

On top of that, it's free !

「Yoshi, Aria. Mimily. Let's take off to start a search for our own hot spring !」

「e, what does that mean ? Is finding a hot spring is that easy ?」

「Leave it to me ! Now, Board to the flying bed !」

The 3 of us boarded to the bed, and leaving the room through the veranda.

For now, let's try to use hot spring pulse detection magic around the town!

13 Big oppai, No oppai

The flying bed went over the city's border without us even noticing, and arrived at the plain.

There, I activated the 『Hot Spring Detection Pulse Magic』.

Then, a beep sound rang inside of my head.

「It's there, maybe ! 」

「Tetsuya-san. Really ? You're not saying something randomly ? 」

「Believe me ! It's okay ! 」

Maybe, okay.

「I believe in Tetsuya-san you know ! 」

Aria always believes in my word, Good girl.

I'll become a worthless human if I'm always beside you.....

But, spoile me more !

Yo—sh. I'll do my best to become a worthless person !

「Still, the 『Hot Spring Detection Pulse Magic』's reaction seems pretty far huh. I'll raise the speed a bit more」

「Wait! Tetsuya-san. If you go too fast then there'll be something that'll be thrown out. Like the futon or the pillow. Like me or Mimily-san」

That'll trouble me.

The Futon and the Pillow, is my favorite.

While Aria and Mimily is a much more of my favorite.

In other words, we were two hundred meter above the ground and if someone fell they'll die!

「A, that's right. Isn't there some skill thats named『Wind Barrier』or something like that.....let's try it」

While I think about it in my mind, a semi transparent window starts spreading in my sight.

In there I choose Wind barrier, and activated it.

While I'm thinking that it'll be good if the size covered the entire bed, we started being wrapped by the same size of it.

「Tetsuya-san is amazing! It's become calmer now!」

「Comfortable. Good Job (say it in english)」

Aria and Mimily were pleased by it.

Especially Aria that has long hair, it's been trouble since before.

However, I'll be flying faster without minding the wind pressure.

For now, Let's lower the altitude yo about 50 meter above the ground.

Gyu—n!

「Wa! Even if it safer now isn't it too fast?!」

「Scared.」

Since I increased the speed, the two girls started clinging onto me.

Aria's boobs were pressing my arm!

Mimily's ears were tickling my nose!

Amazing! Let's increase the speed more!

Gyu—n!Gyu—n!

「hawawa.....Tetsuya-san, why did you accelerate it this much?!」

「Aria, Cling to me more if you're being scared ! Press the oppai to me more ! 」

「Ye, Yes.....what do you mean by that ! If you want it, just play with my breast as much as you like later, so please decelerate it ! It's really scary you know~ ! 」

「Gulp」

Both of their eyes are watery.

I think I'm was little too much on bullying them.

「Alright, alright. Let's do it more leisurely.」

After all, I had exceeded the speed of sound huh.

Aside from a plane, if it's a bed, even if you can't feel the wind pressure it's still scary.

The truth is, I too am scared!

「Fu.....With this, I feel more assured」

「Now then, Aria. Let me fondle your boobs」

「Fue!?!」

「Wasn't it you who said I can fondle them as much as I like it ! Was that a lie ? 」

「No, it's not a lie but must it be right now, right here!? Even though Mimily-san is here!?!」

Aria said hastily.

「.....I'd prefer it if you don't but, isn't it okay to just do what you guys want?」

Mimily's murmured, in a cold tone.

Being seen just like a trash by a little kid is somehow.....thrilling!

It'll become a habit you know !

「Mimily has given her approval, so come ! 」

「Uu.....it's embarrassing but, please treat me well ! 」

While looking embarrassed, Aria in her perfect seiza form, brings her breast out like「please(dozo)」kind of feeling.

Doing some pervert like behavior while having a full red face is somehow irresistible.

I fondle it while being indulged by my desire.

Then around 10 minutes later, Aria look exhausted, and when I wanted to stop,

Mimily's *kuikui* pulling my sleeves. (TN: = sfx)

「.....want to fondle mine too ? 」

「Eh. What's wrong Mimily, suddenly ? 」

「I fully understood that Tetsuya is a person that likes breasts. Because of that, I'll let you fondle mine, so be thankful for that」

The usually expressionless Mimily is, saying that while having a little blush.

What is this !

「A, I understood. Because of seeing Aria that is being fondled by me

and looking delightful, you became interested in it right ? 」

「I, It's not like that but.....」

Mimily looked away.

「Lying is not good. For the bad girls who are lying I will not fondle her breast」

「Sorry. I want to be fondled too desu」

I was pleased that you're being honest.

Now then, I'll fondle it!

「tte, arere ? 」(Being confused)

I've let my hand fly to fondle Mimily's chest but.....where should I fondle it again ?

「Umm, Mimily. Your breast is.....where ? 」

It's too flat that I don't know where is it !

「It's my first time to receive this kind of insult」

Mimily is puffing her cheeks, and tears accumulating in her eyes.

She became really angry !

「So, Sorry.....It's my wrong ! I'll fondle it now ! 」

However, no matter how much I am fondling it, I can't fondle something that isn't there.

Without a choice, I'm patting Mimily's chest.

「.....It's not pleasant. Disappointed」

Dispirited Mimily dived into the bed, and hid herself only until her head is shown.

「O—i, Mimily. Feel better already」

「I'll stay bad mood until my chest grow bigger」

「Eee ! Doesn't that mean forever!?!」

That word became the last attack, and made Mimily become a turtle that withdrew herself to her shell.

14 The onsen is being ejected!

Because I fondling Aria and Mimily's『Breast』and『The place that seems to be the breast』, I've been neglecting the bed's control.

It seems that I just circling the same place, and don't even reach the destination at all.

Since the 2 been sleeping, I'm seriously controlling the bed.

Thus the place that we've arrived is, a pretty dry place.

It was once a lush green place but, now dead grass spreading all over.

It's been a long time, since rain come down to this place.

「Tetsuya-san. Is there really a hot spring in this place?」

Even though her breast wasn't getting larger, Mimily came out of the bed.

「There should be. My hot spring pulse detection magic reacted right below us ! 」

Since a while in my head "ping ping" kind of sound is reverberated.

「If Tetsuya-san is the one who says it then there'll be no problem ! Except the part of his perverted side Tetsuya-san is perfect ! No, even that part of his became somehow wonderful ! 」

I've had a Believer !

And, I don't think that I'm neither hentai (pervert) nor ecchi
(Pervert) !

It's just because you guys were too cute that my libido getting out of control !

「Now then. What skill should I use to digging a hot spring with ease ? 」

Because I've learned 1 skill after another that I couldn't even remember them.

Beside my status became Incredible.

Level: 261

HP: 20856

MP: 19005

ATK: 939

DEF: 692

AGI: 556

LUCK: 770

Even my HP became hundred times stronger than Aria. When changing it to a unit it's 200 Aria ! (TN: he means that 1 tetsuya = 200 Aria)

.....There's no such unit.

Anyway it's amazing.

If I walk normally, I wonder will I reach Level 20 thousand already ?

Even now I'm already peerless, there's no need to level up too much, well the truth is that I only too lazy to walk around.

When something became dangerous, I'll use the bed as the stepping to increase my level !

Uwaa, Even if I was the one who say it myself, it's terrible.

I feel that I am a Blasphemy for the other who tried seriously.

However, if I ever need it I will not hesitated !

「Space severing sword (時空斷裂劍).....Severing everything even the space itselfalright, it's looks good」

It's a skill that I learnt at level 100.

In the explanation there's written that if I miss in Adjustment of the output it will even severing the planet itself but it should be alright. Maybe.

「Appear before me, Sword of nothingness. Obey my order and severe the world——Space severing sword ! 」

To make me feel psyched I say something randomly and, a black sword appeared on my hand.

I leaned on the bed, face down, and extend the blade.

Just like a needle that piercing a tofu, without any response, it's diving smoothly.

「Tetsuya-san, what is the words before!？」

「I muttered it because I think it's cool but.....」

「Awesome sense desu ! 」

Everything I do will get complimented by Aria.

I feel glad that you stand beside me.

「a, Tetsuya-san look ! Water is, the water is surging from the hole !
No, because it has a steam so it's a hot water desu ! Hot spring desu ! 」

Just like Aria said, a fountain of hot water doming out from the ground.

It's an artificial geyser.

Yosh, then to save up the hot water let's make a basin.

I'm using the Space severing sword to gouge the earth.

There's only three people but, let's make a basin big enough like the school's pool.

「Complete ! 」

「Amazing.....Just in a minute a hot spring is done」

Mimily say with surprised face of perfect round eyes.

Because she's cute let's pat her.

pat pat.

「Ticklish」

Mimily holding her ear and diving to futon again.

「Mimily-san. It's not the time to hiding. The hot spring already done so.
Want to go in ? 」

When Aria says that ,

「Want to enter」

Mimily comes out with a delighted face.

Being honest is good.

「If that then, I'll drop the altitude. Iya~ it's been a while after I entering
a Bath. So I'm looking forward to it 」

even without a girls to enter with a hot spring is really an exciting
thing.

In the heart of a Japanese.

Because a bishoujo is included there, it will be invincible.

「a. I don't bring a bath towel」

When standing atop the ground Mimily is, while her ears were twitching and murmured.

However, there's no problem.

In this bed's space there's a bath towel already.

「Jaja—n (Voila)」

and when I say that, I take out 3 piece of bath towel.

「As expected of Tetsuya-san desu ! Sasu tetsu ! 」

「I have to admit it. Sasu tetsu」 (Sasu tetsu = sasuga tetsuya or as expected of tetsuya)

I've received 2 sasu tetsu !
